ENCOUNTER EQUIP EMPOWER

Good morning,

Summer is finally here! Before you put on your sunglasses and head off to the beach, you might want to save your space in November's Awakening seminar (\$50 off before June 30.)

The Awakening seminar is a rich journey of the heart. It is an encounter with our identity as God's beloved. This seminar helps us go deeper in the experience of God's perfect plan for the whole of our being, especially around identity security. It is for any and all who know Jesus and want to know Him more.

This seminar is the perfect introduction to Healing Care for your friends and family. We are very excited that Dr. Terry Wardle will be coming to Toronto to lead us through this 4 day learning experience.

You'll find more info on the e-postcard [here](#). Feel free to forward the card to people in your circle who need a time away to let their heart reset and recalibrate around Jesus' perfect and constant love. I know I'll be there!!! Let us know if you would like us to mail you print copies to hand out.

Hope to see you soon!

Liz
