

**HEALING CARE**  
**CANADA**  
ENCOUNTER EQUIP EMPOWER

Hello Canadians!!!

It feels good to be reaching out to you for the first time on behalf of our newly founded Healing Care Canada organization. God has great things in store for us!

Healing Care has been part of my life for over 10 years. Terry and this ministry came alongside of me at a time when I, as a pastor, was ready to quit ministry all together. There was no shame put on me for struggling. No one wagged their theological finger at me. Neither did anyone give me a magic pill or a special word from God. Instead, I was given a safe warm place to feel my feelings and work out who God had created me to be. I was given a language for understanding my heart's pain and a clear way for moving forward into deeper intimacy with Jesus. I found a tribe of wounded healers who were a few steps in front of me and could hold my trembling hand as I learned to rest, to trust and to love again.

This is the Healing Care world that God thrusts us gently into! A grace-filled embrace of His heart through a ministry that is designed to come alongside those who know they are wounded and long for a community and a vision for their health—emotional and spiritual wholeness.

Last April, for the first time, Terry Wardle and his US team traveled to Ontario to offer the Formational Prayer Seminar—which many of you attended. It was the beginning of something very good!

**On May 1-4, the Formational Prayer Seminar** will come again to Canada, at Redeemer Church in Niagara. Grounded in Christian truths and sound psychology, this rich learning experience offers insights, tools, and techniques to bring about profound emotional healing. If you know people who are looking to go deeper in healing ministry or in their own journey of healing, please reach out to friends, family, and church and invite them attend this event in May. Canadians attend at a discount, and second timers receive an even greater discount. You can register at <https://healingcare.org/events-1/2019/1/16/formatinal-prayer-seminar-znp3h>.

**On November 20-23, the Awakening Seminar** will be coming to St Andrew's Islington Church in Toronto. This seminar is all about discovering our identity in Jesus. Past attendees call it "life-changing", and it is an event you will not want to miss. Registrations will be open soon on our new Canadian website: [healingcarecanada.ca](http://healingcarecanada.ca).

I want to introduce you to our new Admin team, Teresa McGill and Carole Phillips. Both bring decades of experience organizing events and training programs and serving in not-for-profit organizations. It is SO exciting to be a part of God pulling together His team for Healing Care Canada!!! To round out our HCC board we are currently searching for a Treasurer. **If you know an accountant who is interested in NFP board work, please let us know!**

We hope to see you in Niagara this May or in Toronto come November. We trust you will pass along all information to others and continue to partner with us in this venture. God is calling us into deeper experiences with Jesus through this ministry. Whether it be a seminar or a 16 week group, Rooted or Come Away with Me, Pastors of Excellence or a book by Terry Wardle, we have all felt God's touch. Remember the comfort your heart experienced through a healing community and a shared language, a shared understanding. Remember 'safe place' and what you've experienced in the Presence of Jesus, the Healer of hearts and restorer of wrecked places. It is a blessed journey.

Peace to each of you!!! And YAY, we're doing this on Canadian soil!!!!!!
