ENCOUNTER EQUIP EMPOWER

I am so excited and SO wanting each of you to register for the Taste of Thrive event coming next week. As you know, it has had some hiccups along the way! We originally booked a four day Seminar in St. Catherine's with Anne Halley. Then Covid came (and stayed like an unwelcome skunk under a back deck!!!).

However, Anne's heart and message is a message I believe we NEED. As God's people, as leaders, counsellors, teachers, parents or friends, we need to learn more about how to truly reach the sacred and scarred places within ourselves and one another. We need to understand how God made the brain to connect to others and how vital that connection is to our health.

In this 3 hour on-line seminar, Anne will give us a taste of a bigger seminar yet to come.

In Spanish there is a word for "small savoury dishes". The word is "tapas". Think of this 3 hours with Anne as a "tapas" meal!! You will be full at the end! You will want to listen to her again and again.

When Anne speaks, my heart awakens a bit more. Hope rises in me a little bit more. Her teaching has been vital in my healing as she has helped me understand my own self in the midst of God's constant love for me.

May you be blessed today!
